INFORMATION DISCLOSURE STATEMENT

Sir:

Pursuant to the duty of disclosure set forth in 37 CFR 1.56, Applicant requests that the references cited in the annexed form PTO/SB/08B be made of record in the above-identified application. Copies of the cited references are enclosed. These references were cited in the PCT International Search Report ("ISR") mailed on March 18, 2005 in corresponding PCT Application No. PCT/US2004/036627. Also enclosed is a copy of the ISR and the attached Written Opinion of the International Searching Authority ("ISA").

One of the references cited in the ISR is an article authored by Bradford W. Parkinson and J.J. Spilker entitled "Global Positioning System: Theory and Applications", Vol.1, Chapter 11, 1996. The Institute of Aeronautics and Astronautics, Washington, D.C., USA.

(*"Parkinson-Spilker article"*) However, the reference accompanying the ISR that was mailed by the ISA was an article authored only by Bradford W. Parkinson entitled "GPS Error Analysis", Chapter 1, 1994, American Institute of Aeronautics and Astronautics, Inc., USA (Cite Number 6 in the attached form PTO/SB/08B). We have been unable to locate a copy of the *Parkinson-Spilker* article and the ISA has not responded our requests for a copy of the *Parkinson-Spilker* article.
